Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

Claims 1-20 are allowed.

Regarding claims 1, 11 and 17, the references Brown, Prokop and Examiner's newly discovered reference Burger fail to teach sending an interactive text markup programming

language script, using a session initiation protocol (SIP) message, to a user communications

device. Brown teaches sending an interactive script, using an internet, to a user communications

device (col.3, lines 23-43). Prokop teaches interactive text markup programming language script

(col.5, lines 51-57). Burger teaches sending a script, using a session initiation protocol (SIP)

message, to a server (col.7, lines 12-24). However, there is no suggestion in Brown's invention

to combine with the teachings of Prokop's invention and Burger's invention in order to send the

script to a user communication device using a session initiation protocol (SIP) message. Claims

2-5, 12-16 and 18 are also allowed since these claims are dependent upon claims 1, 11 and 17

respectively.

Regarding claims 6-10, 19 and 20, the reasons for allowance has been already written in

the previous office action mailed on 08/25/2006.

Any comments considered necessary by applicant must be submitted no later then the

payment the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should clearly labeled "Comments on Statement of Reasons for

Allowance."
